

SOFTWARE ENGINEER

Project Experts India Pvt Ltd – Hyderabad

Project Experts India is currently seeking a candidate with a technical background to join our highly experienced team of Technical Engineers. Applicants must have 2 to 3 years of hands-on experience working in the following technical areas:

Desired candidate profile

- 3+ years of hands-on experience developing SOA solutions.
- Must have BPEL, ESB, OWSM, Application Server on **SOA** Suite 10g or higher development experience.
- Strong Architecture skills with an understanding and/or development experience in Web Services WSDL 1.1/WSDL 2.0, XML, SOAP, UDDI, J2EE, .Net, WS-Security, ITIL processes, SOA Governance, Web Services Management tools, and Object Oriented Programming.
- Java/J2EE Design experience
- Hands-on experience on OBIEE repository, OBIEE Answers and Dashboards
- Experience writing SQL and using JDBC to connect to relational databases
- Must be able to demonstrate an in-depth technical understanding of the range of functionality available within OBIEE

Knowledge on Oracle Applications or Primavera applications and .Net or Microsoft technologies is an added advantage.

The ideal candidate may work from their home office, but should be prepared for occasional all-expenses-paid travel.

As a professional employee, solid communication skills are required, as this position deals extensively with both internal and external clients. The right candidate will be asked to submit references at an appropriate stage.

Project Experts India offers a competitive salary, utilization bonus and a generous benefits package.

About Project Experts LLC: Project Partners, LLC is a privately held firm headquartered in Half Moon Bay, California, offering consulting services and software products.
