Project Partners LLC Expands Relationship With Oracle

Project Partners Becomes an Oracle Primavera Value Added Reseller

HALF MOON BAY, Calif.-Oct. 14, 2009 / PRNewswire / Project Partners LLC, the experts in Enterprise Project Portfolio Management, is expanding its relationship with Oracle to include the resale of Oracle's Primavera products, the company announced today.

Project Partners, a systems integrator, Oracle Approved Education Center, and a Certified Partner in the Oracle PartnerNetwork, has offered implementation services, extensions and integrated products for Oracle Enterprise Project Portfolio Management (EPPM) applications since 1997. Becoming an Oracle Primavera Value Added Reseller enables Project Partners to offer increased value as a one-stop expert solution provider to Oracle customers operating in project-intensive industries.

The expanded alliance will enable enterprises to deploy solutions based on Oracle's EPPM solutions faster, more easily and less expensively. Project Partners has strong experience with Oracle Project Financials and Primavera PPM applications and has developed industry-tailored templates and extensions that map the Oracle EPPM products to the customer's business operations and speed the time to business benefit.

"Project Partners has a strong understanding of the enterprise project portfolio management market, and are a strategic piece of the Primavera Global Business Unit's channel selling approach in North America" said Jenny Koniencki, Director of Global Channel Sales for Oracle's Primavera Enterprise Project Portfolio Management.

"Oracle's acquisition of Primavera will revolutionize the EPPM marketplace, and we are excited to be part of the strategy to make this successful," said Randy Egger, Project Partners' president. "Our in-depth knowledge of Primavera, Oracle Project Financials and the Oracle technology stack uniquely qualify us to recommend and deliver a complete solution for our clients."

About Oracle Primavera

Oracle is the leading worldwide provider of project portfolio management solutions for project-intensive industries. Its Primavera project portfolio management software helps companies propose, prioritise and select project investments and plan, manage and control the most complex projects and project portfolios. Five of the world's leading oil and gas companies currently use Oracle Primavera project portfolio management solutions as the global standard for turnaround, maintenance and capital project management.
