

# Take your project-driven company to the Cloud

Finding the right approach to the Cloud can be a challenge.  
But Project Partners can help you get there – fast.

**Project Partners is the global leader** in optimizing business processes and IT investments for project-driven organizations. We know how to apply the latest **Oracle Cloud, Primavera, and E-Business Suite** technologies to enable you to achieve your business goals.

**Assessing how Oracle Cloud fits your business?** Our solution architects will help with strategy and mapping a path forward.

**Ready for the Cloud?** We offer Accelerate Solutions that dramatically reduce the time needed to implement Oracle Cloud CRM, HCM, ERP, Projects, and Primavera solutions.

**Want to get the most from E-Business Suite?** We'll help you optimize your existing investment and deploy new Cloud solutions that improve business performance.
